## Question

### 1. Comments

#### Comment

1. Great professor who was interested in the material and his students. Good balance for the level of difficulty of the course. Tests were fair and a good representation of the material

1. Lattanzio's very enthusiastic about what he teaches. He knows the material well and it shows. He's in touch with the real world and provides real world examples which helps the class learn concepts much more clearly and makes the class more interesting. He's also flexible and willing to accommodate unforeseen circumstances.

1. Professor Lattanzio was extremely helpful in class, but also came to class with a positive attitude each and every day. I enjoyed learning from him, but also loved how the class was set up with the two tests and then the project with a final.

1. Professor Gabriele, made sure all students knew the information before he moved on.

1. Very accommodating and helpful with any questions you may have

1. From what I hear, this was supposed to be a super difficult course. Professor Lattanzio did an excellent job at teaching it and made it challenging enough, but very doable.

1. Professor Lattanzio was a good instructor, who cares about his students and desires them to learn the material.

1. I believe that the course was very interesting and wrapped up the topics I have been learning in a lot of my other classes. I would say the only thing is that sometimes he went through the slides really quickly. However, when needing an explanation slowing down to discuss the topic more in depth helped me gain a better understanding of the information. I would say also some of the things on the exams weren't covered in the notes and it was hard specifically referring to the second exam. Luckily I knew some of the information based off of my other classes but it wasn't something I ever saw in the lectures in class. Overall, great class and a great professor that is very passionate about his work and teaching.

1. Professor Lattanzio was an excellent professor and I thoroughly enjoyed this class.

1. Great Professor, best I've had at OU

1. Professor Lattanzio truly cares about his students, more than most teachers I have had at OU. He wants his students to do well in his class, but more importantly wants them to learn and be prepared for the the real world.

1. I think the purpose of this class in finding ways to make it helpful for the real world was really cool and a great way to keep us engaged because we were directly investing in ourselves. I also liked the layout where we learn about different areas of finance and that the success in the class really lied in our effort and engagement versus being drowned in busy work.

1. Best professor I have had at OU. Cares about his students and how to relate what we are learning to the real world.

1. No comments. Don't change anything

1. Best teacher I've had at OU. Seriously he is the man. I made it a mission to enroll in this section of FIN 3403. Inspires me to care more about my major, doesn't jam it down my throat. Very calm guy, also has a great sense of humor. The finance department and Price College would be stupid to let him go. Pay him whatever he wants. Badass guy

1. Professor Lattanzio is an amazing professor. He truly cares about his student's success and really strives to make sure his students learn the material instead of just getting good grades on the exams. Professor Lattanzio is one of, if not, my favorite professor I have had throughout college. He is funny and relatable and really presents the material in a way that us students can understand. He also the nicest guy in the world and is very accommodating to students. His overall teaching techniques and abilities, as well as his kind, fun and understanding personality, make it fun for students to come to class and learn. I wish more professors were like Professor Lattanzio, he truly is a gem.

1. I loved Professor Lattanzio. He was very helpful and a great teacher.

1. Good luck at SMU and thank you for everything!

1. Very approachable. Great teacher, great class, would recommend to a friend.

1. When I look back on my years at OU, Gabriele Lattanzio will be one of my best and brightest memories. He has an amazing attitude that is contagious and spreads throughout the class and creates an incredibly effective learning environment. Professor Lattanzio was so easy to contact and very understanding. He is one of my favorite professors that I have had during my time at the University of Oklahoma.

1. Gabriele is a great teacher, he is really good at explaining, very available and responsive and knows the material he is assigned to teach. The examples he comes with to explain the concepts are great and very useful when tryin to understand the materials. It is a loss to Price College of Business that he is leaving elsewhere to continue with his studies and teachings.

1. Professor Lattanzio clearly has a passion for the classes he teaches and the world of finance. His emphasis on making sure we understand finance from a global perspective gives me much more comfort in my understanding of financial intermediaries. He is a professor OU needs to keep as we enhance our value as a business school.
